a comprehensive and engaging introduction to psychology this is a textbook like no other always fresh always introducing new tools for teaching and learning and always attuned to how the field is shaped by new research the ninth edition is now more concise with 1200 new citations enhanced pedagogy and a revised chapter on consciousness

this modular version of myers's full length text psychology reflects the author's research supported belief that many students learn better using a text comprised of brief modules as opposed standard length chapters psychology eighth edition in modules breaks down the 18 chapters of psychology into 58 short modules retaining that acclaimed text's captivating writing superior pedagogy and wealth of references to recent cutting edge research the modular version has its own extensive media and supplements package with

content organized to match its table of contents

this edition contains the following changes hundreds of new research citations representing the most exciting and important new discoveries in our field organizational changes based on changes in the field for example the heavily revised consciousness modules now follow the neuroscience modules and are titled consciousness and the two track mind to reflect the dual processing and cognitive neuroscience themes fine tuned writing with countless small and large improvements in the way concepts are presented supported by the input and creative ideas of hundreds of contributing instructors students and friends a sharp new art program that teaches more effectively continually improving coverage of cultural and gender diversity issues

from its beginnings to this remarkably fresh and current new edition myers and dewall s psychology has found extraordinarily effective ways to involve students with the remarkable research underlying our understanding of human behavior but while the content and learning support evolves edition after edition the text itself continues to be shaped by basic goals david myers established at the outset including to connect students to high impact research to focus on developing critical thinking skills and to present a multicultural perspective on psychology so students can see themselves in the context of a wider world this new edition offers 2100 research citations dated 2015 2020 making these the most up to date introductory psychology course resources available with so many exciting new findings and every chapter updated with current new examples and ideas students will see the importance and value of psychological research and how psychology can help them make sense of the world around them the abundant high quality teaching and learning resources in launchpad and in achieve read practice carefully matched to the text content help students succeed while making life easier and more enjoyable for instructors

announcing a new myers dewall text created specifically for the fall 2019 ap course framework you are likely familiar with the name dr david g myers now he and his new co

author nathan dewall bring you a book that will allow you to use college board s new personal progress checks and dashboard more effectively this updated edition includes 100 of the new course content in the new nine unit structure all teacher and student resources will also be updated to correlate to the new student edition this includes the te trfd tb strive and launchpad everything will publish in summer 2020 such that you can use this new program for fall 2020 classes if you re not familiar with myers dewall texts you are in for a treat drs myers and dewall share a passion for the teaching of psychological science through wit humor and the telling of poignant personal stories individually identified in the text by the use of each author s initials dm and nd through close collaboration these authors produce a unified voice that will teach illuminate and inspire your ap students

thus begins market leading author david myers discussion of developmental psychology in unit 9 of his new myers psychology for ap second edition with an undeniable gift for writing dr myers will lead your students on a guided tour of psychological science and poignant personal stories dr myers teaches illuminates and inspires four years ago we published this ground breaking text which is correlated directly to the ap course today we build on that innovation and proudly introduce the 2nd ap edition whether you are new to ap psychology or have many years under your belt this uniquely ap book program can help you achieve more

thus begins market leading author david myers discussion of developmental psychology in unit 9 of his new myers psychology for ap second edition with an undeniable gift for writing dr myers will lead your students on a guided tour of psychological science and poignant personal stories dr myers teaches illuminates and inspires four years ago we published this ground breaking text which is correlated directly to the ap course today we build on that innovation and proudly introduce the 2nd ap edition whether you are new to ap psychology or have many years under your belt this uniquely ap book program can help you achieve more

this version of the main text breaks down the chapters into shorter modules for more accessibility the smaller chunks allow students to better grasp and explore psychological concepts the modules also allow more flexibility in teaching as cross references to other chapters have been replaced with brief explanations

David Myers' briefest introduction to psychology speaks to all students regardless of their background or level of preparedness with no assumptions made in the vocabulary, examples, or presentation. Students of all kinds are comfortable with Myers' manageable chapters, which include careful connections to associated visuals, comparative tables, and research-based pedagogy. For this edition, there is something completely new to a Myers text: David Myers personally selected new coauthor Nathan Dewall. His enthusiasm for teaching and writing about psychological science makes him uniquely suited to join the world's bestselling psychology textbook author, and with about 30 more pages of coverage, this edition has become an even stronger and more complete introduction to the science of psychology for courses of all kinds. What's in the launchpad?

You are likely familiar with the name Dr. David G. Myers. Now he and his new co-author Nathan Dewall bring you a book that will allow you to use College Board's new Personal Progress Checks and Dashboard more effectively. This updated edition includes 100% of the new course content in the new nine-unit structure. All teacher and student resources will also be updated to correlate to the new student edition. This includes the Text, Try It, Strive, and Launchpad. Everything will publish in summer 2020 such that you can use this new program for fall 2020 classes. If you're not familiar with Myers/Dewall texts, you are in for a treat. Drs. Myers and Dewall share a passion for the teaching of psychological science through wit, humor, and the telling of poignant personal stories individually identified in the text by the use of each author's initials, DM and ND. Through close collaboration, these authors produce a unified voice that will teach, illuminate, and inspire your AP students.

The new edition of *Exploring Psychology* offers outstanding currency on the research, practice, and teaching of psychology. Myers and Dewall inspire students with fascinating findings and applications, effective new study tools and technologies, and a compassionate and compelling storytelling voice. Their presentation is based on the same guiding principles behind the entire family of textbooks that have made David Myers the world's bestselling introductory psychology author: facilitate learning by teaching critical thinking and helping students at every step. Present psychology as a science, emphasizing the process of inquiry and putting facts in the service of concepts. Make sure students

come away with an appreciation of psychology's big ideas and with a deeper respect for humanity what drives us distinguishes us unifies us this exploring psychology is the first to include Myers' handpicked co-author Nathan DeWall shares Myers' belief that instilling a sense of curiosity and inquiry about psychological science is an effective way to help students navigate the content think critically and prepare for a lifetime of learning and living the extraordinary longtime Myers' ancillary author team is also here a group whose teamwork consistency and commitment again sets the industry standard for instructor and student supplements

in this version of psychology 11th edition David Myers and Nathan DeWall break down the new edition's 16 chapters into 53 modules assignable in any sequence and brief enough to be read in one sitting it's a format favoured by a wide range of students and instructors one that's supported by substantial research showing that students working with shorter reading assignments develop a deeper understanding of the material the book can be purchased with the breakthrough online resource Launchpad which offers innovative media content curated and organised for easy assignability Launchpad's intuitive interface presents quizzing flashcards animations and much more to make learning actively engaging
